Dear Friends,

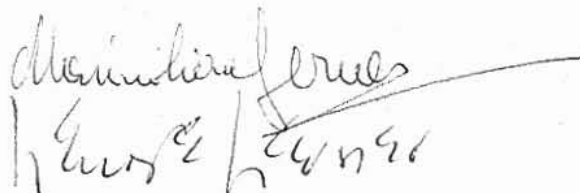

We cannot thank you enough for the week we have just spent with you.

The gift you have given me is to be able to stop hating Austria and Austrians. Of course we can never forgive or forget what the generation of Austrians of 1938 has done, but the fact that you and your generation accept that responsibility – which is not yours – and the fact that you from your own initiative and without government prompting have done something about it, is truly wonderful.

We thank you for your warmth and friendship and our thanks go to all members of your team who made this week a wonderful experience, particularly Brigitte Lendl and Kimberly Harris.

We hope that you will have the opportunity to visit New York soon. We would very much like to see you here and return some of your hospitality. It is astonishing for me, that I should be able to extend such an invitation to Austrians and mean it most sincerely! For that I thank you also.

With true friendship,

  
Maximilian Lerner
